

REMARKS

The sequence listing filed January 30, 2004, includes 17 sequences (SEQ ID Nos. 520-527, 639, 640, 643, 646, 680, 681, 688, 689 and 699) that were not disclosed in the application as originally filed. Accordingly, a new sequence listing is provided herewith that merely eliminates the aforementioned sequences and replaces them with “null” identifiers. Additionally, the application has been amended to insert the paragraph that incorporates the text copy of the Sequence Listing, as filed electronically via EFS-Web, as well as inserting sequence identifiers throughout the specification. The substitute specification and new sequence listing include no new matter that goes beyond the original application as filed. Applicants respectfully submit that the above-identified application is now in compliance with 37 C.F.R. §§ 1.821-1.825 and WIPO Standard 25.

The Director is authorized to charge any additional fees due by way of this Amendment, or credit any overpayment, to our Deposit Account No. 19-1090.

Respectfully submitted,
